# THE FOUNDATION FOR DOUGLAS COUNTY SCHOOLS ANNUAL SPONSORSHIP SUPPORT

**The Foundation** is the nexus between the Douglas County School District and the greater community. The FDCS connects, finds, and funds opportunities with partners and the larger business community to have the greatest positive impact on the students of the Douglas County School District. We achieve this through our pillars of Innovation & Leadership, STEAM (Science, Technology, Engineering, Art, & Math), and Community.

We work to enrich the student experience and promote innovation by engaging our community in supporting students. The Foundation makes targeted investments in Douglas County schools and programs to accelerate student achievement and skill development, encourage and develop great teachers, and expand community involvement in our schools.

The Foundation was established in 1991 to raise and administer funds for the benefit of the Douglas County School District. This is accomplished through gifts, grants, and fundraisers throughout the year. In the last 30 years, the FDCS has raised and distributed over \$92 million dollars in support of the District. Your support will allow us to continue our mission.
