

**Pam Feuerstein** is the Chief Operating Officer at Intermountain Rural Electric Association (IREA) responsible for engineering, distribution and transmission operations, power supply, and safety for the organization. She also serves as the company's Compliance Officer. Pam joined IREA in 2010 as the System Planning Manager and later served as IREA's Engineering Manager. Prior to working at IREA, she worked for an engineering consulting firm, Stanley Consultants, for over 15 years, with a focus on electric infrastructure design for electric utilities. Roles included project engineer, project manager, department head, project principal and Vice President. Pam is a registered Professional Engineer and has a Bachelor of Science in electrical engineering from Montana State University. Pam was born and raised in Butte, Montana.

Pam is married with two young children ages 7 and 4. Her husband Chad is a mechanical engineer working for an engineering consulting firm. Their son Brantley is entering second grade at Larkspur Elementary and daughter Cheyanne attends Pre-K at Castle Academy.
